Rena/Jasmine,

LADWP's Senior Supervisor for Electrical Station Maintenance (ESM) has reviewed the paperwork for the tree planting and has denied the request. According to the ESM, the tree planting project will negatively impact LADWP's Distribution Station 16 (DS16) located underneath the parking lot at 749 S. Los Angeles Street. The sidewalk and asphalt make up the roof of DS16. Any excavation will damage the roof, and if planted, tree roots will invade DS16 and appurtenances.

If you have any questions, please feel free to contact me.

Thank you,

*Brandy Roybal-Valdez

Subject: FW: Los Angeles Street Tree Planting Permission

Hello,

I hope you had a chance to review the paperwork for tree planting. Please sign the form and get it back to me as soon as you can.

Thank you!

Subject: Los Angeles Street Tree Planting Permission

Hi Mr. Ledesma,

The City of Los Angeles, Bureau of Street Services is about to embark on the Los Angeles Street Streetscape project which will occur from Olympic Boulevard to 7th Street. The project includes new street trees, improved sidewalks and access ramps, as well as two landscaped pedestrian bump-outs. There is a project description attached.

In order for the City to plant or remove trees it needs permission from the adjacent property owner or business.

I've attached the following for your attention, review and signature:

1. Project Description
2. Map of the project between 8th and 7th Street showing the placement of existing trees and new trees.
3. A Permission to Plant a Street Tree Authorization Form. **Please sign and send back to me via email or I can pick it up at your location as soon as possible.**

Please let me know if you have any questions regarding the project or the trees. I have photos of the proposed species if you'd like them.

Thank you for your quick attention to this matter.

Rena
